

## Having Hard Conversations:

**Share an evening with other students and grow in your ability to convey your viewpoints and to learn from each other.**

The Office of the Provost invites all undergraduate students to a special event focused on the art of having hard conversations. Hosted by Provost **Joy K. Ward**, this event will focus on how to engage in meaningful and thoughtful dialogue.

The event will first feature an informal discussion of current issues and global events among a group of faculty. **Shannon French**, Inamori Professor in Ethics and professor of philosophy will serve as the moderator. From there, students will engage in a conversation with each other to learn new perspectives and hone their skills.

### **Students will participate in:**

- Active listening,
- Understanding the lived experiences of others, and
- Speaking for oneself.

...all skills that will be learned after evaluating the panel of faculty exhibiting these methods.
