

SAGES REQUIREMENTS

All SAGES requirements are set by the College of Arts and Sciences. This means that Anthropology students are not required to complete their SAGES requirements with Anthropology courses. If you do use Anthropology courses to meet your SAGES requirements, however, these courses count towards the 30 credit major requirement.

Two categories of SAGES courses are offered by the department: *SAGES Department Seminars* and *SAGES Capstone courses*.

SAGES Department Seminars

Courses which meet this requirement include (but are not necessarily limited to):

ANTH 316	Current Global Health Events
ANTH 347	Cultural Ecology: An Epistemological Approach to Environmental Sustainability
ANTH 349	Cultures of Latin America
ANTH 378	Reproductive Health: An Evolutionary Perspective
ANTH 382	Anthropological and Ecological Perspectives on Preserving and Restoring the Natural World

In order to determine which seminars are being offered each semester, enter ANTH under “Course Subject” and select *SAGES Department Seminar* under “Course List” in Schedule of Classes.

SAGES Capstone Courses

The Anthropology Department offers the following courses which satisfy the SAGES Capstone requirement:

ANTH 368	Evolutionary Biology Capstone. (Cross-list: BIOL 396, GEOL 396)
ANTH 398	Anthropology SAGES Capstone
ANTH 398C	Child Policy Externship and Capstone. (Cross-list: CHST 398C, PSCL 398C)

Guidelines for students completing the capstone requirement with ANTH 398 can be found at: <https://anthropology.case.edu/undergraduate-programs/sages/>

PLEASE READ THESE GUIDELINES CAREFULLY. Be aware that you must obtain the permission of the instructor in order to enroll in a Capstone course.
