ABOUT THE SPEAKER: Zach Arace (CAS ’14) is a Senior Consultant with Ernst & Young (EY), a global public accounting and consulting firm. Zach helps companies assess and reduce the risk of using technology, and also dabbles in cybersecurity during his (professional) free time. Zach started his career with Booz Allen Hamilton, a management consulting firm focused on the federal government. At Booz, he helped the US Navy’s aviation planning wing optimize their budget allocations and costs and the Department of Defense prepare for the agency’s first Congressionally-mandated audit, among other projects. Zach’s first internship was with the Board of Governors of the Federal Reserve System in Washington, DC, where he had the distinct pleasure of analyzing and archiving primary source documents covering the recent history of monetary policy.
