TEL.: TERLING.

Dear Sir  
Allow me  
to thank you  
very heartily  
for your note  
with its bean  
tipul diagrams  
which I have  
just received.  
In answer to  
it I am in-  
terested to  
see the view  
you take on  
the question of

possible have  
attained a pi  
also true of  
view, but  
ness, which was  
much dis-  
covered here  
recently. I  
was always in  
line & to the  
same view,  
but now on  
a priori we  
changed  
grounds.

I am  
yours truly  
Rastin
