

Can you help find 100 species at the CWRU Farm?

As part of the 2018 iNaturalist City Nature Challenge, we will document as many species as we can find at the University Farm.

You don't need to know how to find or identify plants and animals; all you need is enthusiasm, a free iNaturalist account, & a camera or smartphone.

Date: Saturday, 28 April 2018

Location: CWRU Farm

Transportation from campus is available.

RSVP by Wednesday 25 April.
